

People's Network summer special

Your views on Care at Home

12 July 2017 - Brierley Hill

An event to share your experiences of what it is like to receive Care at Home services in Dudley borough

Do you receive care in your home from people who are paid to support you? Or do you have a relative or friend who does?

Care at Home might involve help with getting up, going to bed, washing and dressing, personal care, preparing meals or helping with medication.

Dudley Council has contracts with Care at Home providers for 18,000 hours of home care each week. Come and meet decision makers who will listen and learn from your experiences, ideas and suggestions about how future Care at Home services are planned and provided.

This event is for:

- People who receive Care at Home
- Friends, relatives and unpaid carers of people who receive care at home packages

This event is not for:

- Providers of services or paid care staff.

Come and join us to:

- Talk about what is good and what is working well with Care at Home
- Share ideas about what could be improved
- Meet people who make decisions about Care at Home services
- Receive a warm welcome and light refreshments

Healthwatch Dudley:

Listen to your views and experiences and share them with people who make important decisions about health and care services

The People's Network is a place to:

- Have discussions and share knowledge about local services
- Network in a positive way with people who have similar interests in social care
- Inform policies and influence what local services look like
- Have real opportunities to feed back to decision makers
- Test the accuracy and readability of public documents before they go live
- Bring and share powerful stories, journeys and experiences

IMPORTANT INFORMATION

We understand that many people who receive Care at Home services will not be able to attend this event. If you or someone who you care about cannot attend in person but have got something to say, Healthwatch Dudley would still very much like to hear from you (our contact details are over the page).

The People's Network is led by Healthwatch Dudley in partnership with Dudley Council, local people and partners in adult social care.

People's Network events

are usually for everyone but this special event is only open to people who receive Care at Home services and the people who support them in an unpaid capacity. **If this does not apply to you, we look forward to welcoming you to a future event.**
